Introduction

RASH ELECTRICAL IS AN ELECTRICAL CONTRACTING COMPANY WHO ARE EXPERTS IN ALL FIELDS OF ELECTRICAL CONSTRUCTION AND MAINTENANCE.

OVER THE PAST 20 YEARS OUR COMPANY HAS GAINED A GREAT REPUTATION FOR BEING AHEAD OF THE GAME IN ALL ASPECTS.

Through the years our company has successfully completed and maintained projects of various sizes within the greater Sydney region. Our client base includes some leading builders, strata management, realestate companies and residential customers.

We are typically responsible for most of the sub-trades within an electrical project that are involved with e.g. communications, security, automation etc. If we cannot provide the necessary skill in house, we have a network of sub-contractors we can utilise to provide the skills required.

We consider our company dynamic, flexible and resourceful, with the expertise and enterprise to meet all challenges that come our way.

Management.
